

**Siena**  
College of Health

# EDUCATION IS KEY TO SUCCESS

## Who We Are

### *Our History*

In 1999, Eunide Sanon opened a Home Health Care Agency their goal was to seek skilled and qualified home health care workers and place them in area home where health care assistance was needed. Professionalism and proper training was important. For this reason, Eunide Sanon decided to seek licensure to open a training facility. It is their goal to offer professional health care program so that interested individuals have the opportunity to learn skills and perform effectively in the work place.

## About The College

The purpose of the school is to provide quality education to students seeking careers in medically related fields. In an effort to fill the needs of these professions for trained personnel, and to provide meaningful and fulfilling careers to capable individuals, the school is constantly updating its curricula, recognizing its obligation to the students and the profession they serve. **Siena College of Health** believes that the promotion of personal growth is important for an individual to obtain self-actualization. Culture, health, and education must be taken into consideration when addressing the basic needs of self-actualization. **Siena College of Health** has taken a holistic and humanitarian approach when educating our students. Our students are taught to take this approach when caring for their patients and interacting with the people in our community.

The Allied Nursing Field is a charitable profession that enhances the quality of life by promoting health, preventing illness, supporting rehabilitation following illness, and providing care for persons at the end of life. We believe all individuals are entitled to health care and the right to participate in making health care decisions. **Siena College of Health** encourages students to acquire knowledge, develop their creativity, and strive for excellence. Our objective is to prepare the student to enter into a professional level career and be a productive person in this community.
